MARTHA PENDERGAST

**W. Falmouth Realtor
e-PRO Certified**

West Falmouth Realtor Martha Pendergast was recently awarded the e-PRO certification, through the official technology certification program of the National Association of Realtors.

A comprehensive e-PRO course, conducted entirely online, teaches Realtors about using the Internet to simplify the process of buying and selling real estate, and to provide clients with better service.

The e-PRO designation is currently held by fewer than one percent of real estate professionals nationwide. On the Upper Cape, Mrs. Pendergast is one of only eight with the designation.
